January 23-30, 2017

Higher Education Commission (HEC)

Islamabad, Pakistan

Call of Papers

The South Asian Network Operators Group 29th consist 03 day of conference and 05 day workshops in different network streams. The following is an open call for presentations for the conference and tutorial sessions for SANOG 29.

Conference Presentations:

The conference will comprise 6 sessions over two days, including the plenary. These are general sessions and you are invited to propose talks that you think are relevant to the Internet operational and research community. The topics given below are not exclusive. Presentations are expected to be no more than 25 minutes long and with suitable technical content.

- Network Operations
- Routing in the IP Core, BGP, MPLS, IPv6
- Data Center, Switching Technologies, Virtualisation
- Security, IDS, DoS mitigation
- Internet Exchange Point, transit & peering
- Internet of Things
- DNS, DNSSEC
- ccTLDs, gTLDs IDNs
- Any case studies or learning related to operational technologies that you want to share with the community

Tutorial Proposals:

Tutorial proposals are invited in the same general areas as for the conference. Please feel free to propose additional ideas and topics. Tutorials generally are either 90 or 180 minutes long.
