PREFACE

The curriculum, with varying definitions, is a plan of the teaching-learning process that students of an academic programme are required to undergo. It includes objectives and learning outcomes, course contents, scheme of studies, teaching methodologies and methods of assessment of learning. Knowledge in all academic disciplines is expanding and even new disciplines are also emerging, it is imperative that curriculum are developed and revised regularly.

University Grants Commission (UGC) was designated as the competent authority to develop, review and revise curricula beyond Class-XII vide Section 3, Sub-Section 2 (ii), Act of Parliament No. X of 1976 titled “Supervision of Curricula and Textbooks and Maintenance of Standard of Education”. With the repeal of UGC Act, the same function was assigned to the Higher Education Commission (HEC) under its Ordinance of 2002, Section 10, Sub-Section 1 (v).

In compliance with the provisions, the Curriculum Division of HEC undertakes the revision of curricula after every three years through respective National Curriculum Revision Committees (NCRCs) which consist of eminent professors and researchers of relevant fields from public and private sector universities, R&D organizations, councils, industry and civil society nominated by their organizations.

In order to impart education at par with quality international standards, HEC NCRCs have developed unified templates as guidelines for the development and revision of curricula in the disciplines of Basic Sciences, Applied Sciences, Social Sciences, Agriculture and Engineering in 2007 and 2009.

It is hoped that this curriculum document, prepared by the respective NCRC’s, would serve the purpose of meeting our national, social and economic needs, and it would also provide the level of competency specified in Pakistan Qualification Framework to make it compatible with international educational standards. The curriculum is also placed on the website of HEC (www.hec.gov.pk).

INTRODUCTION

Higher Education Commission Pakistan conducted the second NCRC meeting of Social Work on March 25-27, 2015 at University of Karachi. The meeting agenda was discussion and finalization of the preliminary draft of the Social Work curriculum prepared and discussed in first meeting held at HEC Regional Office Peshawar on November 12-14, 2014.

Senior academic staff including professors and heads from almost all Social Work Departments from various universities participated and gave their input to refine and update the Social Work Curriculum. Prof. Dr. Nasreen Alam Shah welcomed all experts in University of Karachi.

Member from HEC Karachi office started the meeting with the recitation of some verses from Holy Quran. After a formal introduction of the participants, the HEC member highlighted objectives and agenda of the three days Second NCRC meeting. Agenda of the meeting was to review and discuss the feedback received from all experts who attended first meeting held at HEC Office Peshawar. Prof. Dr. Gheyasuddin Siddiqui, the Convener and Dr. Asif Naveed Ranjha, Secretary of the meeting briefed the members about feedback received from all experts after first meeting. Then, all experts were given task to finalize the Curriculum during this three days meeting.

The main objective of curriculum revision was to update and refine all the courses according to the need and challenges at indigenous and global level. The experts reviewed and discussed course titles and all study scheme for BS Program on first day of meeting. The Convener divided all members into subgroups with the opinion of all experts and assigned them courses to review contents and recommended readings for those courses. It was agreed to include fresh recommended readings for all courses. All the subgroups were formed according to specialization of the experts and they were assigned those courses.

On second day, all subgroups gave their feedback on allocated courses. Discussion was made and the allocated courses were finalized after necessary suggestions from and consent of all experts. Some new courses were incorporated in list of General Courses after a detail discussion. New groups were formed for Major Courses. All groups reviewed and discussed their assigned courses.

On Third and last day, experts reviewed the Elective Courses and finalized after detailed discussion. Field Work was also discussed as an essential part of Social Work Curriculum. Some revisions were made in Field Work Practice for better learning of students. It was also made clear that Field Work is included in the workload of teachers supervising groups of students. Total credit hours, compulsory, general, foundation, major and
elective courses with credit hours and scheme of all semesters individually were discussed and finalized.

Dr. Ghayur Fatima, Director HEC, made discussions with all subgroups and asked them to incorporate the necessary topics and contents in social work courses which are demand of Pakistani as well as International society. She emphasized to incorporate new elective or specialization courses as per market demand. BS 4 Year Program with 133 Credit Hours was formally discussed and approved on the last day of meeting. The Committee also discussed issues related to Social Work Practice in Pakistan including social work at college level, field work, National Association of Social Workers and recognition of Social Work Discipline at various levels.

Dr. Ghayur Fatima thanked all experts, Dr. Ghiyas as Convener and Dr. Asif Ranjha as Secretary of the meeting. All the experts from various universities thanked Dr. Nasreen Alam Shah for her hospitality and visits of Department of Social Work and Department of Gender Studies. Dr. Ghayur Fatima expressed her hopes and wishes that the revised curriculum would be great addition in academics.

*Note: The research project will stretch over semesters 7 and 8.*
DETAILS OF COMPULSORY COURSES

COMPULSORY COURSES IN ENGLISH FOR BS (4 YEAR) IN BASIC & SOCIAL SCIENCES

ENGLISH- I
(Functional English)

OBJECTIVES
Enhance language skills and develop critical thinking.

CONTENTS
1. Basics of Grammar
   a. Parts of speech and use of articles
   b. Sentence structure, active and passive voice
   c. Practice in unified sentence
   d. Analysis of phrase, clause and sentence structure
   e. Transitive and intransitive verbs
   f. Punctuation and spelling
2. Comprehension
   • Answers to questions on a given text
3. Discussion
   • General topics and every-day conversation (topics for discussion to be at the discretion of the teacher keeping in view the level of students)
4. Listening
   • To be improved by showing documentaries/films carefully selected by subject teachers
5. Translation skills
6. Urdu to English
7. Paragraph writing
   • Topics to be chosen at the discretion of the teacher
8. Presentation skills
   • Introduction

Note: Extensive reading is required for vocabulary building

RECOMMENDED READINGS
ENGLISH II
(Communication Skills)

OBJECTIVES
Enable the students to meet their real life communication needs.

CONTENTS
1. Paragraph writing
   • Practice in writing a good, unified and coherent paragraph
2. Essay writing
   • Introduction
3. CV and job application
   • Translation skills
   • Urdu to English
4. Study skills
   • Skimming and scanning, intensive and extensive, and speed reading, summary and précis writing and comprehension
5. Academic skills
   • Letter/memo writing, minutes of meetings, use of library and internet
6. Presentation skills
   • Personality development (emphasis on content, style and pronunciation)

Note: documentaries to be shown for discussion and review

RECOMMENDED READINGS
ENGLISH III  
(technical writing and presentation skills)  

OBJECTIVES  
Enhance language skills and develop critical thinking  

CONTENTS  
1. Presentation skills  
2. Essay writing  
   • Descriptive, narrative, discursive, argumentative  
3. Academic writing  
   • How to write a proposal for research paper/term paper  
   • How to write a research paper/term paper (emphasis on style, content, language, form, clarity, consistency)  
4. Technical Report writing  
5. Progress report writing  

Note: Extensive reading is required for vocabulary building  

RECOMMENDED READINGS  
OBJECTIVES
This course will develop vision of historical perspective, government, politics, contemporary Pakistan, ideological background of Pakistan. It will also enable students to study the process of governance, national development, issues arising in the modern age and posing challenges to Pakistan.

CONTENTS
1. Historical Perspective
   b. Factors leading to Muslim separatism
   c. People and Land
      i. Indus Civilization
      ii. Muslim advent
      iii. Location and geo-physical features.
2. Government and Politics in Pakistan
3. Political and constitutional phases:
   a. 1947-58
   b. 1958-71
   c. 1971-77
   d. 1977-88
   e. 1988-99
   f. 1999 onward
4. Contemporary Pakistan
   a. Economic institutions and issues
   b. Society and social structure
   c. Ethnicity
   d. Foreign policy of Pakistan and challenges
   e. Futuristic outlook of Pakistan

RECOMMENDED READINGS

**ISLAMIC STUDIES**
(Compulsory)

**OBJECTIVES**
This course is aims to enhance understanding of the students regarding Islamic Civilization and improve their skill to perform prayers and other worships. It will also enhance the skill of the students for understanding of issues related to faith and religious life.

**CONTENTS**
1. Introduction to Quranic Studies
   a. Basic Concepts of Quran
   b. History of Quran
   c. Uloom-ul-Quran
2. Study of Selected Text of Holly Quran
   a. Verses of Surah Al-Baqra Related to Faith(Verse No-284-286)
   b. Verses of Surah Al-Hujrat Related to Adab Al-Nabi
   c. (Verse No-1-18)
d. Verses of Surah Al-Mumanoon Related to Characteristics of faithful (Verse No.1-11)
e. Verses of Surah al-Furqan Related to Social Ethics (Verse No.63-77)
f. Verses of Surah Al-Inam Related to Ihkam (Verse No.152-154)

3. Study of Selected Text of Holy Quran
   a. Verses of Surah Al-Ihzab Related to Adab al-Nabi (Verse No.6,21,40,56,57,58.)
   b. Verses of Surah Al-Hashar (18,19,20) Related to thinking, Day of Judgment
   c. Verses of Surah Al-Saf Related to Tafakar, Tadabar (Verse No.1-14)

4. Seerat of Holy Prophet (S.A.W) I
   a. Life of Muhammad Bin Abdullah (Before Prophet Hood)
   b. Life of Holy Prophet (S.A.W) in Makkah
   c. Important Lessons Derived from the life of Holy Prophet in Makkah

5. Seerat of Holy Prophet (S.A.W) II
   a. Life of Holy Prophet (S.A.W) in Madina
   b. Important Events of Life Holy Prophet in Madina
   c. Important Lessons Derived from the life of Holy Prophet in Madina

6. Introduction to Sunnah
   a. Basic Concepts of Hadith
   b. History of Hadith
   c. Kinds of Hadith
   d. Uloom-ul-Hadith
   e. Sunnah & Hadith
   f. Legal Position of Sunnah

7. Selected Study from Text of Hadith

8. Introduction to Islamic Law & Jurisprudence
   a. Basic Concepts of Islamic Law & Jurisprudence
   b. History & Importance of Islamic Law & Jurisprudence
   c. Sources of Islamic Law & Jurisprudence
   d. Nature of Differences in Islamic Law
   e. Islam and Sectarianism

9. Islamic Culture & Civilization
   a. Basic Concepts of Islamic Culture & Civilization
   b. Historical Development of Islamic Culture & Civilization
   c. Characteristics of Islamic Culture & Civilization
   d. Islamic Culture & Civilization and Contemporary Issues

   d. Islamic Ways of Trade & Commerce

12. Political System of Islam
   a. Basic Concepts of Islamic Political System
   b. Islamic Concept of Sovereignty
   c. Basic Institutions of Govt. in Islam

13. Islamic History
   a. Period of Khlaft-E-Rashida
   b. Period of Ummayyads
   c. Period of Abbasids

14. Social System of Islam
   a. Basic Concepts of Social System of Islam
   b. Elements of Family
   c. Ethical Values of Islam

RECOMMENDED READINGS

*Note:* One course will be selected from the following Mathematics or Statistics.
COMPULSORY MATHEMATICS/STATISTICS
COURSES FOR BS (4 YEAR)

COURSE FOR NON-MATHMATICS MAJORS IN SOCIAL SCIENCES

MATHEMATICS

OBJECTIVES
This course will enable students to understand the use of the essential tools of basic mathematics and application of the concepts and the techniques in their respective disciplines.

CONTENTS
1. Algebra
   a. Preliminaries
   b. Matrices
   c. Quadratic equations
   d. Sequence and Series
   e. Permutation and combinations
   f. Binomial Theorem
   g. Trigonometry
   h. Graphs
2. Statistics
   a. Introduction
   b. Frequency distribution
   c. Measures of central tendency
   d. Measures of dispersion

RECOMMENDED READINGS
INTRODUCTION TO STATISTICS

OBJECTIVES
This course will enable students to understand the use of the essential tools of basic statistics and application of the concepts and the techniques in their respective disciplines.

CONTENTS
1. What is Statistics?
2. Presentation of Data
3. Measures of Central Tendency
4. Measures of Dispersion
6. Sampling and Sampling Distributions
7. Hypothesis Testing
8. Testing of Hypothesis- Single Population
9. Testing of Hypotheses-Two or more Populations
10. Testing of Hypothesis-Independece of Attributes
11. Regression and Correlation

RECOMMENDED READINGS
FOUNDATION COURSES

INTRODUCTION TO SOCIAL WORK

OBJECTIVES
The objective of this course is to acquaint and familiarize students with the basic concepts and scope of Social work.

CONTENTS

Introduction
1. Definition of social work
2. Philosophical base of social work
3. Generic principles of social work
4. Professional and voluntary social work
5. Islamic concept of social work
6. Modern concept of social work
   a. Preventive
   b. Curative
   c. Rehabilitative
7. Social Work methods

    a. Background of the Concept of Parole
    b. Development of Parole in Pakistan
    c. Main Problems with Parole System in Pakistan

RECOMMENDED READINGS
FIELD WORK AND REPORT – I, II, III AND IV

The students of Social Work need to gain not only theoretical professional knowledge but also develop certain skills and attitudes appropriate to the practice of Social Work. Field work instruction is a basic medium through which the conceptual grasp of a student is strengthened and the skills and attitudes for the practice are developed. The minimum requirement for field work is 150-170 hours in one semester in any one of the social welfare agencies or community development settings. The students are placed in these agencies to work or they can be placed in group settings. Field Work credit hours will be included in workload of all faculty members supervising Field Work Practice.

Before assigning the agency for their Field Work Practice, the students will be provided with proper orientation. They will be informed that an observational plan will be followed after classroom orientation for fieldwork. The students will have to visit different agencies during the orientation phase and will have to write comprehensive reports on each visit by using guidelines given to them on the observation visit proforma. Students are placed at different agencies with following learning objectives:

- To know about Historical background of agency/organization
- To learn about the Purpose, Mission, Vision, Main objectives and main areas of activities of agency/organization
- To learn the NGOs and CCBs registration process
- To study the socio-economic conditions and problems of individual, group and community under supervision of agency/organization
- To learn various functions and skills i.e. planning, organizing, motivation, mobilization, leading, coordination, controlling, decision making, evaluation, report writing and proposal writing etc. through conducting welfare-oriented activities with coordination of agency/organization

Areas of Interests for Students
Special Education
- Zakat and Usher (poverty alleviation)
- Medical Social Work
- Parole and Probation (Criminology)
- Forestry (Social Organizer/ATI, FC)
- Government Social Welfare Institutes
- Local Government
- Non-Governmental Organization (NGO)
For the assessment of students' performance, following reports/items have to be taken in considerations as process:

1. Schedule 2 days a week/block placement
2. Orientation Visit to the agencies
3. Reporting Shall keep daily/reports/diaries and submit the final field work reports to the Supervisor.
4. Supervision Academic and field agency Supervisor
5. Presentation The students have to give presentation of their Field Work in presence of the class, faculty and the agency supervisor.
6. Evaluation Should be done as per criteria lay down.

All the departments have to nominate a faculty member to co-ordinate Field Work activities. He/She will be responsible to co-ordinate and liaise with the other members of the faculty and finalize the student's placement. The assignments for the field work with cover all required areas of specializations by applying/practicing Social Work methods i.e. Case Work, Group Work, community Organization, Administration, Social Research and Social Action.

1. The coordinator has to establish rapport and keep in contact with the field supervisors also.
2. To organize field seminars, he/she will extend support and guidance to the students.
3. Evaluation and presentation of the student have to be coordinated from this form.
4. Arrangement of transport (if and when required) is his responsibilities.

**RESEARCH PROJECT / THESIS**

**OBJECTIVES**

To help postgraduate scholars to understand how social researchers investigate the social world and how they seek to gain systematic, reliable and valid knowledge of that world. Students will learn of the diversity of strategies and of general issues in the designed practice of survey, ethnographic, applied, pure and basic researches. This module will also help them understand the difference between surveys and researches, research methods and research methodology, qualitative and quantitative
researches etc. During this course, student or group of students conduct research on any social condition, area or issue under supervision of faculty member. Students learn following social research steps and essentials:

a. Research defined
b. Families of research; qualitative and Quantitative
c. The Research Cycle/ Process/ research methodology.
d. How to select and define research topic
e. Literature Review
f. Research Designing
g. Research Methods
h. Research techniques: tools of data collection
i. Sampling
j. Data Collection
k. Data Analysis
l. Results Presentation
m. Discussion
n. Report Writing
o. Bibliography and Referencing
p. Ethical Issues in research
ELECTIVE COURSES

FOUR COURSES ONE FROM EACH GROUP

A. CASE WORK SPECIALIZATION (GROUP I)

1. Medical Social Work
2. Psychiatric Social Work

a. Child saving
b. Origin of child-saving movement & its philosophy
c. Child rescue, rehabilitation issues
d. Child Welfare
   i. Definition, Aims and Objectives of Child Welfare
   ii. Historical development of Child Welfare Services
   iii. Child Welfare Services, their Organization and Functioning

e. Battered child syndrome
f. Dr. Henry Kempe and colleagues & discovery of battered babies

g. Medicalisation of child protection
h. Developing child (Developmental Psychology)
i. ‘Stages of development’ theories in Psychology and their influence on child protection interventions
j. Child Rights & children’s right to protection
   i. Definition of Child Rights
   ii. Nature, Objectives, Need and Importance of Child Rights
   iii. UNCRC an Overview of the Convention

4. Pakistani Laws, Policies and Initiatives related to Child’s Protection
a. Legislation regarding Child Protection in Provinces
   i. Khyber Pakhtunkhwa Child Protection and Welfare Act in 2010
   ii. Sindh Child Protection Authority Act 2011
   iii. Punjab Destitute and Neglected Children Act (promulgated in 2004, and revised in 2007, again under revision)
   iv. Balochistan Child Welfare and Protection Bill

b. UNICEF

c. Child Protection Commissions/Bureaus/Authority in provinces

5. Current Issues
a. Violence Against Children
b. Abuse & neglect
c. Child Trafficking
d. Drug Abuse among Children

6. Roles and Responsibilities
   i. Roles and Responsibilities of Different Stake Holders e.g.
   ii. Family
   iii. Community
   iv. State, i.e., Social Worker as Child Protection Worker in Social Welfare/Child Protection agencies
   v. Roles of NGOs, INGOs and other Civil Society Organizations in promoting the protection of children.

RECOMMENDED READINGS

B. GROUP WORK SPECIALIZATION (GROUP II)

I. Youth Welfare

II. Social Work With Families

YOUTH WELFARE

OBJECTIVES

To help students understand the concepts of youth, youth welfare, youth development, and to enhance their historical and theoretical understanding of issues related to young people. Further, to orient students with the professional social work with youth.

CONTENTS

1. Definitions of Youth, Youth Welfare, Youth Development and Youth Work
2. Historical perspective of Youth Welfare
3. Youth Theories
   a. Resilience
   b. Positive Youth Development based on Ecological Theory
   c. Leadership Theories
4. Social Work practice with youth
a. Interpersonal and helping skills  
b. Organizing groups around youth participation  
c. Youth leadership and management in community services  

5. Youth and Family & Community  
a. Interrelationship of youth and family & community  
b. Support factors  
c. Risk factors  

6. Youth issues in Pakistan  
a. Health (Physical fitness, Addiction, HIV/AIDS, STDs)  
b. Education (post secondary education, vocational training)  
c. Recreation (positive recreation, opportunities, facilities)  
d. Employability  
e. Civic engagement  

7. Behavioral Therapy  
8. Role of professional social worker for Youth Welfare  

RECOMMENDED READINGS  

**SOCIAL WORK WITH FAMILIES**

**OBJECTIVES**

This course will acquaint the students with issues concerning family and child welfare with particular reference to conditions prevalent locally. It will also help them to understand the nature and intensity of problems. It will also highlight the role of the social workers to alleviate the problems of family and children.

**CONTENTS**

1. Definition, meaning and importance of family
2. Formation of family: Endogamy and Exogamy
3. Types of Family
   a. Nuclear Family
   b. Joint Family
   c. Extended Family
4. Sociological significance of family in personality development of child
5. Parenthood and the role of parents in family
6. Family relationship and emotional development of member
7. Broken families: its definition, meaning and its impact on children
8. Factors influencing personality of children in broken families
9. Family welfare institutions in Pakistan
10. Role of a professional social worker in family welfare

**RECOMMENDED READINGS**

### COMMUNITY DEVELOPMENT SPECIALIZATION (GROUP III)

I. Rural Development & Local Government

II. NGO Management

III. Population Welfare

IV. Urban Development

V. Gender and Development

### RURAL DEVELOPMENT AND LOCAL GOVERNMENT

**OBJECTIVES**

The course enables the students to understand the basic concepts and understanding of local government and rural development, its structure and characteristics.

**CONTENTS**

1. Definition, meaning and scope of Rural Development and Local Government.

2. Historical perspective of Rural Development and Local Government in Pakistan

3. Socio-Economic characteristics of rural areas

4. Problems of Rural Communities

5. Policies. Programs and Strategies for rural development:
   a. Five year Developmental Plans.
   b. Land Reforms.
   c. Village AID, Basic Democracies, Integrated Rural Development Program, Rural Works Program and People Works Program

69
6. Organization, Administration of Rural Development and Local Government at the Federal and Provincial Level
7. Legislation with regard to Rural Development and Local Government
8. Role of NGOs in Rural Development
9. Need based research and surveys
10. Practice of Social Work Methods and role of Social Worker in the field of Rural Development and Local Government
11. Issues and trends in Rural Development and Local Government in Pakistan

RECOMMENDED READINGS

NGO MANAGEMENT

OBJECTIVES
The course is designed to give the students the introduction and background knowledge of Civil Society/NGOs working at local, regional, national and International level. Due emphasizes is also given on the Formation and registration of NGOs in Pakistan. This specialization course further gives an insight to the students into the management of
Society/NGOs. Students will be well equipped with the knowledge of tools and techniques adopted by NGOs and will also be able to prepare project proposal.

CONTENTS
1. Definition and meaning of NGOs
2. Historical development of NGOs
3. Types of NGOs
   a. International organizations
   b. National organizations
   c. Regional organizations
4. Role of NGOs in development
   a. Capacity Building
   b. Monitoring & Evaluation
5. NGO Approach to Solving Community Problems
6. Building a sustainable community organization.
7. Formation and Registration process of NGOs in Pakistan
8. NGOs management structure
9. Development projects/proposals
10. Financial Management for NGOs
11. NGOs in Pakistan: Case studies
12. Limitations of NGOs in Pakistan
13. Role of NGOs in Social Welfare

RECOMMENDED READINGS

**POPULATION WELFARE**

**OBJECTIVES**
The course is designed to help the students to understand that social work has a significant responsibility to contribute to population planning activities. It is further to help the students to recognize that the problem of population planning requires entire professional activity or approach.

**CONTENTS**

1. Definition, meaning and explanation of Population Welfare
2. Importance of Population Welfare as a discipline
3. Historical perspective of Population Planning in Pakistan
4. Population Structure and Characteristics:
   a. Age and Sex
   b. Gender and Marital Status
   c. Educational Status
   d. Ethnic and Religious Composition
   e. Occupation/economic condition
   f. Urban-rural
5. Religious Perspectives about Population Welfare
6. Policies of Population Welfare with Special Reference to Pakistan
7. Factors affecting Population Welfare:
   a. Birth rate
   b. Death rate
c. Growth rate
d. Fertility
e. Mortality
f. Migration
g. Natural and man-made calamities
h. Cultural patterns

8. Theories of Population:
   a. Malthus Theory
   b. Demographic Transition Theory

9. Over population and under-population as social problem

10. Approaches to Population Control

11. Role of Professional Social Worker in Population Planning

**RECOMMENDED READINGS**

URBAN DEVELOPMENT

OBJECTIVES
The course will enable students to understand the concept of urbanization and urban development. It will also equip them with knowledge of urban development policies, implications, innovations and main concepts and trends in urban management, urban environment and social development.

CONTENTS
1. Definition, meaning and explanation of Urban development
2. Historical perspective of Urban Development in Pakistan
3. Definition and explanation of Urbanization
4. Causes of Urbanization
   a. Migration
      i. Health and Education facilities
      ii. Employment opportunities
   b. Social Conditions
      i. Faction and feuds
      ii. Natural and man-made calamities
      iii. Upward mobility- status consciousness
5. Factors responsible for Urban Development
6. Problems of urban population
7. Legislation trends towards urbanization in Pakistan
8. Urban Environmental Management related to welfare
9. Urban Development in Pakistan
   a. Public Sector
   b. Private Sector
10. Importance of Urban Community Development Projects in development
11. Role of professional social worker in Urban Development

RECOMMENDED READINGS

GENDER AND DEVELOPMENT

OBJECTIVES
The course is designed to impart knowledge about meaning, scope and concepts of gender and development. It will help the students in understanding the government policies for gender development, role and impact of NGO’s as pressure group in gender sensitive development planning in our country.

CONTENTS

1. Definition, meaning and explanation of Gender and Development
2. Difference Between Gender and Sex
3. Historical perspective of Gender and Development
4. Concept and theories of development, approaches of development (WID, WAD, GAD)
5. Theories of Gender and Development
   a. Socio-cultural Theory
   b. Social Learning Theory
   c. Feminist Theories
6. Concepts related to Gender
   a. Gender Stratification
   b. Gender Roles
c. Sex Roles (stereotyping)
d. Gender Equity and Equality
e. Gender Discrimination
f. Gender Awareness, Gender Sensitivity and Gender Sensitization
7. Demographic and socio-economic indicator (gender perspective)
8. Concept of empowerment: tools and participation
9. Legislation related to gender development in Pakistan
10. Non-Government organizations and gender development
11. Importance of gender development in social welfare
12. Professional social worker role in gender development

RECOMMENDED READINGS

**D- SOCIAL WELFARE ADMINISTRATION SPECIALIZATION (GROUP IV)**

i. Project Planning & Implementation
ii. Community Based Disaster Risk Reduction (CBDRR)
iii. Labour Welfare

**PROJECT PLANNING & MANAGEMENT**

**COURSE OBJECTIVES**
This subject will enhance the students understanding regarding the project planning, proposal development and project management. They will become able to monitor, evaluate and report the projects. They will learn the skills of relating the project concepts to the social welfare practices in Pakistan.

**COURSE CONTENTS**
1. Definition, meaning, importance and explanation of a Project
2. Importance of Social Welfare Projects
3. Elements of an effective project
   a. Problem statement
   b. Objective
   c. Resources: Human, material and financial
   d. Budget
   e. Time frame
4. Project Cycle
   a. Initiation Phase
   b. Planning phase
   c. Implementation Phase
   d. Monitoring Phase
   e. Completion
   f. Evaluation
5. Project Management
   a. Concept & Nature of Project Management
   b. Role & Functions of Project Manager
c. Project Management Skills

6. Project Planning & Management Practices in Pakistan
   a. Planning Commission of Pakistan
      i. Public Sector Development Program (Federal)
      ii. Annual Development Program (Provincial)
   b. PC Forms & Its Use
      i. PC-I (Project Planning)
      ii. PC-II (Project Feasibility Report)
      iii. PC-III (Project Monitoring)
      iv. PC-IV (Project Completion)
      v. PC-V Project Evaluation

7. Challenges to Project Management

8. Importance of transferring project from development to current budget

RECOMMENDED READINGS

COMMUNITY BASED DISASTER RISK REDUCTION

OBJECTIVES
This main objective of the course is to introduce students with the concept, nature and diversities of the disaster and its different natural and human created types. It will also acquaint students with different impacts of disaster on human society; possible solutions to stop or minimize the disaster’s occurrence and impacts minimizing.

CONTENTS
1. Definition, meaning and explanation of Disaster and Disaster Management
2. Types of Natural and Man-made Disaster
   a. Famine
   b. Biological Hazards
   c. Floods
   d. Storms
   e. Earthquakes
   f. Volcanic Eruptions
   g. Accidents
   h. Political and Complex Emergencies
   i. Terrorism
3. Basic Terminologies related to Disaster
   a. Hazard
   b. Risk
   c. Vulnerability
   d. Capacity
   e. Resilience
4. Effects of Disasters
5. Disaster Management Cycle
   a. Preparedness
   b. Response
   c. Reconstruction
   d. Recovery
   e. Mitigation
6. Disasters in Pakistan
7. Disaster Risk Reduction and Management Authorities in Pakistan
   a. NDMA
   b. PDMA
   c. DDMA
   d. FDMA
7. Role of community in disaster risk reduction
8. Role of professional social worker in pre and post-disaster situations

RECOMMENDED READINGS
LABOUR WELFARE

OBJECTIVES
This course will enable students to understand labour policy of the Government and role of Social Work Profession in labour welfare.

CONTENTS
1. Definition, explanation and importance of Labour Welfare
2. Historical perspective of Labour Welfare
3. Types of Labour
4. Islamic concept of employer and employee’s relationship
5. Labour legislation and Welfare in Pakistan
6. ILO in evolution of national labour policies and practices
7. Trade Unions, its history and form of workers
8. Concept and need of Labour Welfare Services in Pakistan
9. Agencies in the field of Labour Welfare, their organization and functions
10. Problems related to Labour Welfare
11. Social Security Program and Labour welfare
12. Role and function of professional social worker in Labour Welfare

RECOMMENDED READINGS

ENGLISH I (FUNCTIONAL ENGLISH)

OBJECTIVES: Enhance language skills and develop critical thinking.

COURSE CONTENTS:

Basics of Grammar
Parts of speech and use of articles
Sentence structure, active and passive voice
Practice in unified sentence
Analysis of phrase, clause and sentence structure
Transitive and intransitive verbs
Punctuation and spelling

COMPREHENSION
Answers to questions on a given text

DISCUSSION
General topics and every-day conversation (topics for discussion to be at the discretion of the teacher keeping in view the level of students)

LISTENING
To be improved by showing documentaries/films carefully selected by subject teachers

TRANSLATION SKILLS
Urdu to English

PARAGRAPH WRITING
Topics to be chosen at the discretion of the teacher

PRESENTATION SKILLS
Introduction

NOTE: Extensive reading is required for vocabulary building

RECOMMENDED BOOKS:
1. Functional English
   a) Grammar
b) Writing

c) Reading/Comprehension

d) Speaking

   **English II (Communication Skills)**

   **Objectives:** Enable the students to meet their real life communication needs.

   **Course Contents:**

   **Paragraph writing**
   Practice in writing a good, unified and coherent paragraph

   **Essay writing**
   Introduction

   **CV and job application**
   Translation skills
   Urdu to English

   **Study skills**
   Skimming and scanning, intensive and extensive, and speed reading, summary and précis writing and comprehension

   **Academic skills**
   Letter/memo writing, minutes of meetings, use of library and internet

   **Presentation skills**
   Personality development (emphasis on content, style and pronunciation)

   *Note: documentaries to be shown for discussion and review*

   **Recommended Books: Communication Skills**

   a) **Grammar**

   b) **Writing**

c) Reading
2. Reading and Study Skills by John Langan

English III (Technical Writing and Presentation Skills)

Objectives: Enhance language skills and develop critical thinking

Course Contents:
Presentation skills

Essay writing
Descriptive, narrative, discursive, argumentative

Academic writing
How to write a proposal for research paper/term paper
How to write a research paper/term paper (emphasis on style, content, language, form, clarity, consistency)

Technical Report writing
Progress report writing

Note: Extensive reading is required for vocabulary building

Recommended Books:

Technical Writing and Presentation Skills

a) Essay Writing and Academic Writing

b) Presentation Skills

c) Reading
The Mercury Reader. A Custom Publication. Compiled by Northern Illinois University. General Editors: Janice Neulib; Kathleen Shine Cain; Stephen Ruffus and Maurice Scharton. (A reader which will give students exposure to the best of twentieth century literature, without taxing the taste of engineering students).
Pakistan Studies (Compulsory)

Introduction/Objectives

- Develop vision of historical perspective, government, politics, contemporary Pakistan, ideological background of Pakistan.
- Study the process of governance, national development, issues arising in the modern age and posing challenges to Pakistan.

Course Outline

1. Historical Perspective
   b. Factors leading to Muslim separatism
   c. People and Land
      i. Indus Civilization
      ii. Muslim advent
      iii. Location and geo-physical features.

2. Government and Politics in Pakistan
   Political and constitutional phases:
   a. 1947-58
   b. 1958-71
   c. 1971-77
   d. 1977-88
   e. 1988-99
   f. 1999 onward

3. Contemporary Pakistan
   a. Economic institutions and issues
   b. Society and social structure
   c. Ethnicity
   d. Foreign policy of Pakistan and challenges
   e. Futuristic outlook of Pakistan

Recommended Books

ISLAMIC STUDIES
(Compulsory)

Objectives
This course is aimed at:
1. To provide Basic information about Islamic Studies
2. To enhance understanding of the students regarding Islamic Civilization
3. To improve Students skill to perform prayers and other worships
4. To enhance the skill of the students for understanding of issues related to faith and religious life.

Detail of Courses

Introduction to Quranic Studies
1. Basic Concepts of Quran
2. History of Quran
3. Uloom-ul-Quran

Study of Selected Text of Holly Quran
1. Verses of Surah Al-Baqara Related to Faith (Verse No-284-286)
2. Verses of Surah Al-Hujrat Related to Adab Al-Nabi (Verse No-1-18)
3. Verses of Surah Al-Mumanoon Related to Characteristics of faithful (Verse No-1-11)
4. Verses of Surah al-Furqan Related to Social Ethics (Verse No.63-77)
5. Verses of Surah Al-Inam Related to Ihkam (Verse No-152-154)

Study of Selected Text of Holly Quran
1. Verses of Surah Al-Ihzab Related to Adab al-Nabi (Verse No.6, 21, 40, 56, 57, 58.)
2. Verses of Surah Al-Hashar (18,19,20) Related to thinking, Day of Judgment
3. Verses of Surah Al-Saf Related to Tafakar, Tadabar (Verse No-1,14)

Seerat of Holy Prophet (S.A.W) I
1. Life of Muhammad Bin Abdullah (Before Prophet Hood)
2. Life of Holy Prophet (S.A.W) in Makkah
3. Important Lessons Derived from the life of Holy Prophet in Makkah

Seerat of Holy Prophet (S.A.W) II
1. Life of Holy Prophet (S.A.W) in Madina
2. Important Events of Life Holy Prophet in Madina
3. Important Lessons Derived from the life of Holy Prophet in Madina
Introduction to Sunnah
1. Basic Concepts of Hadith
2. History of Hadith
3. Kinds of Hadith
4. Uloom –ul-Hadith
5. Sunnah & Hadith
6. Legal Position of Sunnah

Selected Study from Text of Hadith

Introduction to Islamic Law & Jurisprudence
1. Basic Concepts of Islamic Law & Jurisprudence
2. History & Importance of Islamic Law & Jurisprudence
3. Sources of Islamic Law & Jurisprudence
4. Nature of Differences in Islamic Law
5. Islam and Sectarianism

Islamic Culture & Civilization
1. Basic Concepts of Islamic Culture & Civilization
2. Historical Development of Islamic Culture & Civilization
3. Characteristics of Islamic Culture & Civilization
4. Islamic Culture & Civilization and Contemporary Issues

Islam & Science
1. Basic Concepts of Islam & Science
2. Contributions of Muslims in the Development of Science
3. Quran & Science

Islamic Economic System
1. Basic Concepts of Islamic Economic System
2. Means of Distribution of wealth in Islamic Economics
3. Islamic Concept of Riba
4. Islamic Ways of Trade & Commerce

Political System of Islam
1. Basic Concepts of Islamic Political System
2. Islamic Concept of Sovereignty
3. Basic Institutions of Govt. in Islam

Islamic History
1. Period of Khlaft-E-Rashida
2. Period of Ummayyads
3. Period of Abbasids

Social System of Islam
2. Basic Concepts of Social System of Islam
3. Elements of Family
4. Ethical Values of Islam
Reference Books

1. Hameed ullah Muhammad, “Emergence of Islam”, IRI, Islamabad
2. Hameed ullah Muhammad, “Muslim Conduct of State”
3. Hameed ullah Muhammad, ‘Introduction to Islam
4. Mulana Muhammad Yousaf Islahi,”
Annexure - D

Note: One course will be selected from the following six courses of Mathematics.

COMPULSORY MATHEMATICS COURSES FOR BS (4 YEAR)

(FOR STUDENTS NOT MAJORING IN MATHEMATICS)

1. MATHEMATICS I (ALGEBRA)

Prerequisite(s): Mathematics at secondary level

Credit Hours: 3 + 0

Specific Objectives of the Course: To prepare the students, not majoring in mathematics, with the essential tools of algebra to apply the concepts and the techniques in their respective disciplines.

Course Outline:

Preliminaries: Real-number system, complex numbers, introduction to sets, set operations, functions, types of functions. Matrices: Introduction to matrices, types, matrix inverse, determinants, system of linear equations, Cramer’s rule.

Quadratic Equations: Solution of quadratic equations, qualitative analysis of roots of a quadratic equations, equations reducible to quadratic equations, cube roots of unity, relation between roots and coefficients of quadratic equations.

Sequences and Series: Arithmetic progression, geometric progression, harmonic progression.

Binomial Theorem: Introduction to mathematical induction, binomial theorem with rational and irrational indices.

Trigonometry: Fundamentals of trigonometry, trigonometric identities.

Recommended Books

2. MATHEMATICS II (CALCULUS)

Prerequisite(s): Mathematics I (Algebra)
Credit Hours: 3 + 0

Specific Objectives of the Course: To prepare the students, not majoring in mathematics, with the essential tools of calculus to apply the concepts and the techniques in their respective disciplines.

Course Outline:

Recommended Books
4. Thomas GB, Finney AR, Calculus (11th edition), 2005, Addison-Wesley, Reading, Ma, USA

3. MATHEMATICS III (GEOMETRY)

Prerequisite(s): Mathematics II (Calculus)
Credit Hours: 3 + 0

Specific Objectives of the Course: To prepare the students, not majoring in mathematics, with the essential tools of geometry to apply the concepts and the techniques in their respective disciplines.

Course Outline:

Geometry in Two Dimensions: Cartesian-coördinate mesh, slope of a line, equation of a line, parallel and perpendicular lines, various forms of equation of a line, intersection of two lines, angle between two lines, distance between two points, distance between a point and a line.

Circle: Equation of a circle, circles determined by various conditions, intersection of lines and circles, locus of a point in various conditions. Conic Sections: Parabola, ellipse, hyperbola, the general-second-degree equation
Recommended Books

4. COURSE FOR NON-MATHEMATICS MAJORS IN SOCIAL SCIENCES

Aims: To give the basic knowledge of Mathematics and prepare the students not majoring in mathematics.

Objectives: After completion of this course the student should be able to:
- Understand the use of the essential tools of basic mathematics;
- Apply the concepts and the techniques in their respective disciplines;
- Model the effects non-isothermal problems through different domains;

Contents:
3. Algebra
4. **Statistics**

**Recommended Books**

10. Wilcox, R. R., ‘*Statistics for The Social Sciences*’.

5. **MATHEMATICS FOR CHEMISTRY**

   **Credit Hours:** 3

   **Prerequisites:** Mathematics at Secondary level

   **Specific Objectives of Course:**

   To prepare the students not majoring in mathematics with the essential tools of Calculus to apply the concepts and the techniques in their respective disciplines.

   **Course Outline**

**Recommended Books**

**6. MATHEMATICS FOR PHYSICS**

**Contents**

1. **Preliminary calculus.**
   - Differentiation
     Differentiation from first principles; products; the chain rule; quotients; implicit differentiation; logarithmic differentiation; Leibnitz’ theorem; special points of a function; theorems of differentiation.
   - Integration
     Integration from first principles; the inverse of differentiation; integration by inspection; sinusoidal function; logarithmic integration; integration using partial fractions; substitution method; integration by parts; reduction formulae; infinite and improper integrals; plane polar coordinates; integral inequalities; applications of integration.

2. **Complex numbers and hyperbolic functions**
   - The need for complex numbers
   - Manipulation of complex numbers
     Additions and subtraction; modulus and argument; multiplication; complex conjugate; division
   - Polar representation of complex numbers Multiplication and division in polar form
   - de Moivre’s theorem
     Trigonometrical identities; finding the nth roots of unity; solving polynomial equations
   - Complex logarithms and complex powers
   - Applications to differentiation and integration
• Hyperbolic functions
  Definitions; hyperbolic-trigonometric analogies; identities of hyperbolic functions; solving hyperbolic equations; inverses of hyperbolic functions; calculus of hyperbolic functions

3. Series and limits
• Series
• Summation of series
  Arithmetic series; geometric series; arithmetico-geometric series; the difference method; series involving natural numbers; transformation of series
• Convergence of infinite series
  Absolute and conditional convergence; convergence of a series containing only real positive terms; alternating series test
• Operations with series
• Power series
  Convergence of power series; operations with power series
• Taylor series
  Taylor’s theorem; approximation errors in Taylor series; standard McLaurin series
• Evaluation of limits

4. Partial differentiation
• Definition of the partial derivative
• The total differential and total derivative
• Exact and inexact differentials
• Useful theorems of partial differentiation
• The chain rule
• Change of variables
• Taylor’s theorem for many-variable functions
• Stationary values of many-variable functions
• Stationary values under constraints

5. Multiple integrals
• Double integrals
• Triple integrals
• Applications of multiple integrals
  Areas and volumes; masses, centers of mass and centroids; Pappus’ theorems; moments of inertia; mean values of functions
• Change of variables in multiple integrals
  Change of variables in double integrals;

6. Vector algebra
• Scalars and vectors
- Addition and subtraction of vectors
- Multiplication by a scalar
- Basis vectors and components
- Magnitude of a vector
- Multiplication of vectors
  - Scalar product; vector product; scalar triple product; vector triple product
- Equations of lines and planes
  - Equation of a line; equation of a plane
- Using vectors to find distances
  - Point to line; point to plane; line to line; line to plane
- Reciprocal vectors

7. **Matrices and vector spaces**
- Vectors spaces
  - Basic vectors; the inner product; some useful inequalities
- Matrices
- The complex and Hermitian conjugates of a matrix
- The determinant of a matrix
  - Properties of determinants
- The inverse of a matrix
- The rank of a matrix
- Simultaneous linear equations
  - N simultaneous linear equations in N unknowns
- Special square matrices
  - Diagonal; symmetric and antisymmetric; orthogonal; Hermitian; unitary normal
- Eigen vectors and eigen values
  - Of a normal matrix; of Hermitian and anti-Hermitian matrices; of a unitary matrix; of a general square matrix
- Determination of eigen values and eigen vectors
  - Degenerate eigen values

8. **Vector calculus**
- Differentiation of vectors
  - Composite vector expressions; differential of a vector
- Integration of vectors
- Space curves
- Vector functions of several arguments
- Surfaces
- Scalar and vector fields
- Vector operators
- Gradient of a scalar field; divergence of a vector field; curl of a vector field
• Vector operator formulae
• Vector operators acting on sums and products; combinations of grad, div and curl
• Cylindrical and spherical polar coordinates
• Cylindrical polar coordinates; spherical polar coordinates.
Annexure - E

Statistics-I

Definition and importance of Statistics in Agriculture, Data Different types of data and variables

Classification and Tabulation of data, Frequency distribution, stem-and-Leaf diagram, Graphical representation of data Histogram, frequency polygon, frequency curve.

Measure of Central tendency, Definition and calculation of Arithmetic mean, Geometric mean, Harmonic mean, Median quantiles and Mode in grouped and un-grouped data.

Measure of Dispersion, Definition and Calculation of Range, quartile deviation, Mean deviation, Standard deviation and variance, coefficient of variation.

Practical

a. Frequency Distribution
b. Stem-and-Leaf diagram
c. Various types of Graphs
d. Mean, Geometric mean Harmonic Mean,
e. Median, Quartiles Deviation, mean Deviation.
f. Standard Deviation, Variance, Coefficient of variation,
g. Skewness and kenosis

Recommended Books

1. Introduction to Statistical Theory Part- I by Sher Muhammad and Dr. Shahid Kamal (Latest Edition)
2. Statistical Methods and Data Analysis by Dr. Faquir Muhammad

Statistics-II

Sampling Probability and non-Probability Sampling, Simple random sampling stratified random sampling Systematic sampling error, Sampling distribution of mean and difference between two means. Interference Theory: Estimation and testing of hypothesis, Type—I and type-II error, Testing of hypothesis about mean and difference between two means
using Z-test and t-test, Paired t-test, Test of association of attributes using X2 (chi-square) Testing hypothesis about variance.

**Practical**

a. Sampling random sampling  
b. Stratified random sampling.  
c. Sampling distribution of mean  
d. Testing of hypotheses regarding population mean  
e. Testing of hypotheses about the difference between population means  
f. Chi-square test  
g. Testing of Correlation Coefficient  
h. Fitting of simple linear regression  
i. One-way ANOVA  
j. Two-way ANOVA

**Recommended Books**

1. Introduction to Statistical Theory Part-II by Sher Muhammad and Dr. Shahid Kamal (Latest Edition)  
2. Statistical Methods and Data Analysis by Dr. Faquir Muhammad  
Introduction to Information and Communication Technologies

Course Structure: Lectures: 2 Labs: 1 Credit Hours: 3
Pre-requisite: None Semester: 1

Course Description

This is an introductory course on Information and Communication Technologies. Topics include ICT terminologies, hardware and software components, the internet and World Wide Web, and ICT based applications. After completing this course, a student will be able to:

- Understand different terms associated with ICT
- Identify various components of a computer system
- Identify the various categories of software and their usage
- Define the basic terms associated with communications and networking
- Understand different terms associated with the Internet and World Wide Web.
- Use various web tools including Web Browsers, E-mail clients and search utilities.
- Use text processing, spreadsheets and presentation tools
- Understand the enabling/pervasive features of ICT

Course Contents

Basic Definitions & Concepts
Hardware: Computer Systems & Components
Storage Devices, Number Systems
Software: Operating Systems, Programming and Application Software
Introduction to Programming, Databases and Information Systems
Networks
Data Communication
The Internet, Browsers and Search Engines
The Internet: Email, Collaborative Computing and Social Networking

3. Computers, Communications & Information: A user's introduction by Sarah E. Hutchinson, Stacey C. Swayer
RECOMMENDATIONS MADE BY THE NATIONAL CURRICULUM REVISION COMMITTEE BS Social Work Four Year Program

BS Social Work Program is offered in well-known universities in Pakistan. It is important to provide needed infrastructure for better and effective the four years BS Social Work Program. Social Work departments at university level need to be equipped with expert and relevant faculty, suitable buildings, lecture rooms, furniture, integrated time task, library, transport for staff and students to move in the field.

IT Equipment
It is also recommended to equip students with IT instruments (computer lab and laptops) and faculty members should be provided laptops which are necessary for field report writing and research work. Separate computer labs with improved network facilities (Multimedia and LED screens) must be must be established in all social work departments for better knowledge delivery and learning. All classrooms should be equipped with IT desk (computer, internet) and multimedia (fitted in roof).

Social Work at Intermediate/Graduate Level
All committee agreed and recommended to introduce Social Work subject at intermediate level in all colleges. It would be of great importance of and helpful for the students willing to take admission in BS Social Work Program at university level. In this regard, the Committee recommended HEC for further instructions to provincial education departments to introduce the Social Work subject at intermediate level.

It was also discussed that in all provinces, Social Work subject has not been taught at graduate level in all colleges. Only a limited number of colleges offer the subject at graduate level which hurdles projection of the very important subject. It was also recommended to start Social Work subject in all government colleges even at Tehsil level. It was also recommended that HEC should include Social Work as separate discipline in list of Social Science category. HEC should take serious and immediate steps for inclusion of Social Work subject in the list of NADRA and all other government institutions as separate subject.

Field Work
Social Work degree remains incomplete without Field Work. Field Work provides learning of practical application of social work methods i.e. Social Case Work, Social Group Work, Community Organization, Social Welfare Administration, Social Action and Social Research. The committee emphasized the implementation of Field Work at BS and MA level for all Social Work Departments in universities. All Social Work Departments are required to put the students in the field work for two days per week. The
faculty members will supervise and guide the assigned groups of students during field visits. The committee also finalized that Field Work credit hours will be included in the workload of faculty members who will supervise the students during Field Work. They need proper supervision and guidance. The faculty should visit respective social welfare agencies.

Transport
The Committee also discussed transport problem faced by many Social Work Departments in different universities. It was argued that every Social Work Department must be provided with separate transport on permanent basis by the university and HEC for effective field work training. The Social work Departments of the universities are lacking transport facilities. It is not possible to monitor and supervise the students during field work without proper transport in urban and rural areas. It was recommended that every Social work Department must be provided at least permanent two vehicles (vans) on priority basis and a bus for students when needed.

Exchange Visit of Faculty and Students
Few Social Work Departments are established at university level in Pakistan. The committee recommended HEC to initiate exchange Program for faculty members and students as well. HEC should provide grants for these indigenous and foreign exchange visit and training Programs. It was discussed that various public and private institutions are not easy to be accessed for field learning of students due to long distance. The NCRC recommended HEC to provide funding and other facilitation for visiting those institutions for a period of one to two weeks. The committee also recommended compulsory exposure visits of faculty and students in different areas for period of 10-15 days before the end of every session.

National Council of Professional Social Work
It was realized and discussed the need of a national level body/council of Professional Social Work to deal with all academic and field matters of Social Work discipline. Without a national level council, Social Work subject would not grow in Pakistan. The committee recommended HEC to initiate a National Council of Professional Social Work having authorities to certify professional social workers with specializations in different fields. This Council should be constituted on the pattern of medical, engineering and bar council. This Council would be a channel for both professional social workers and agencies seeking professionals with specializations.

The Committee also recommended that various postgraduate diploma courses should be started in Social Work Departments at university level to provide specializations. Initially, these could include community development, human rights, human resource, disaster management, local government, drug abuse child rights, and women in development population welfare etc.
**Employment Opportunities**

Scope of Social Work subject was also discussed in Pakistan perspective. It was recommended HEC to include Social Work subject in list of Federal Public Service Commission and Provincial Public Service Commission Examinations. Social Work professional degree should also be considered for recruitment in all welfare departments at federal and provincial level (Social Welfare, Women Development, Child Protection, Population Welfare, Human Rights, Disaster Management, Local Government, Community Development, Livestock, Rural Development, Prison, Health Departments, Education Departments, Antinarcotics, Water Management, Police, Rescue Departments and Agriculture etc.). Provincial governments should initiate School Social Work for making school education better through employing social work graduates in schools. HEC should also take serious steps to value Social Work degree for recruitment in NGOs at international, national and local level,
